CHAPTER 01

01

COLLECTION 01 — WESTERN RED CEDAR

Cedar fences

Warm, natural, and unmistakably Pacific Northwest. Every cedar fence is milled, built, and finished to order — the grain, the height, and the line chosen for your yard.

MATERIAL	HEIGHTS	BUILD
Western Red Cedar	**4 – 8 ft**	**Made to order**

01

MOST REQUESTED

Classic Cedar Fence

The signature full-privacy fence — tight vertical boards, a clean top cap, and posts set to stand straight for years.

- Vertical board privacy
- 6 ft standard height
- Posts set in concrete

02

Solid Top Cedar Fence

Full-height privacy finished with a continuous solid top rail for a crisp, uninterrupted line.

- Continuous solid top rail
- Full privacy face
- Capped posts

03

Lattice Top Cedar Fence

Full privacy below, a decorative lattice crown above — height and character without visual weight.

- Decorative lattice crown
- Garden-friendly
- Added height

04

Horizontal Slat Cedar Fence

A modern, architectural line of horizontal boards with concealed fasteners for an uninterrupted face.

- 1×6 horizontal slats
- Concealed fasteners
- Cedar or powder-coated posts

05

Shadow Box Cedar Fence

Alternating boards finish the fence identically on both sides and let a little air and light through.

- Finished both sides
- Alternating boards
- Shared-boundary favourite

06

Hog Wire Cedar Fence

A cedar frame around welded hog-wire panels — an open, contemporary boundary that keeps the view.

- Welded hog-wire panels
- Cedar post-and-rail frame
- Open sightlines

07

Cedar Picket Fence

A classic front-yard picket in warm cedar — spaced boards scaled for gardens and curb appeal.

- Spaced picket boards
- Garden & front-yard scale
- Capped posts

FINISHES & SPECIFICATIONS

Cedar finishes

Natural Honey Cedartone Driftwood Ebony

POSTS	4×4 pressure-treated, set in concrete
RAILS	2×4 cedar, 2 – 3 per section
PICKETS	Western Red Cedar, 5/8" – 1"
HARDWARE	Hot-dipped galvanized / stainless
HEIGHTS	4, 5, 6, 7, 8 ft
FINISH	Natural, stained, or sealed

CHAPTER 02

02

COLLECTION 02 — VINYL

Vinyl fences

A crisp, modern line that never needs painting or staining. Vinyl keeps its colour and its edge through every Pacific Northwest winter.

MATERIAL	HEIGHTS	UPKEEP
Virgin vinyl	**4 – 6 ft**	**Rinse clean**

01

ZERO MAINTENANCE

Privacy Vinyl Fence

Tongue-and-groove panels with no gaps — a seamless, bright-white wall of privacy.

- Tongue-and-groove panels
- Full privacy
- 6 ft standard

02

Lattice Top Vinyl Fence

Full privacy below with a decorative lattice crown above — added height and softness without the upkeep.

- Decorative lattice crown
- Added height
- Garden-friendly

03

Vinyl Picket Fence

Classic pickets scaled for front yards and garden borders, in fade-resistant white.

- Straight picket top
- Garden scale
- Fade-resistant

04

Shadow Box Vinyl Fence

Alternating boards finish the fence the same on both sides and let air and light filter through.

- Finished both sides
- Alternating boards
- Semi-private

05

Vinyl Ranch Rail Fence

Open two- or three-rail vinyl for property lines and paddocks — a clean boundary that keeps the view.

- 2 – 3 open rails
- Property-line scale
- Open sightlines

06

Horizontal Vinyl Fence

A modern, architectural line of horizontal rails for contemporary elevations — no painting, ever.

- Horizontal rails
- Modern profile
- Rinse-clean upkeep

FINISHES & SPECIFICATIONS

Vinyl colours

White Almond Khaki Black

POSTS	5×5 vinyl, steel-reinforced as needed
PANELS	Tongue-and-groove or picket
HARDWARE	Stainless, concealed
HEIGHTS	4, 5, 6 ft
CARE	Rinse with a garden hose
WARRANTY	Manufacturer limited lifetime

CHAPTER 03

03

COLLECTION 03 — COMPOSITE

Composite fences

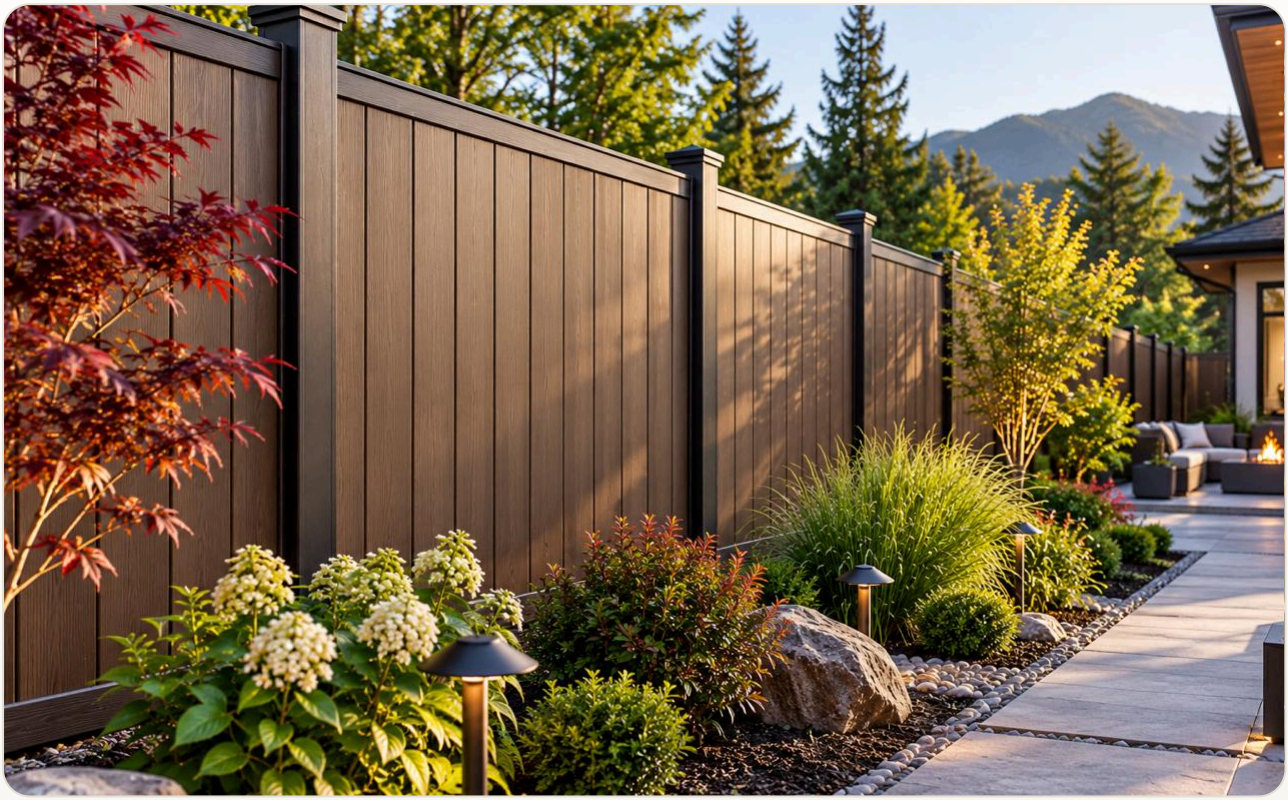

The warmth of wood with the ease of vinyl. Composite boards won't rot, warp, or need staining — a fade-resistant, splinter-free line built from recycled wood and polymer.

MATERIAL	HEIGHTS	UPKEEP
Wood-polymer composite	**6 – 8 ft**	**Rinse clean**

01

LOW MAINTENANCE

Privacy Composite Fence

Full-height tongue-and-groove composite boards — a solid, wood-look wall of privacy that never needs refinishing.

- Tongue-and-groove boards
- Full privacy
- 6 – 8 ft height

02

Horizontal Composite Fence

A modern, architectural line of horizontal composite boards with concealed fasteners for a clean, uninterrupted face.

- Horizontal board profile
- Concealed fasteners
- Aluminum or composite posts

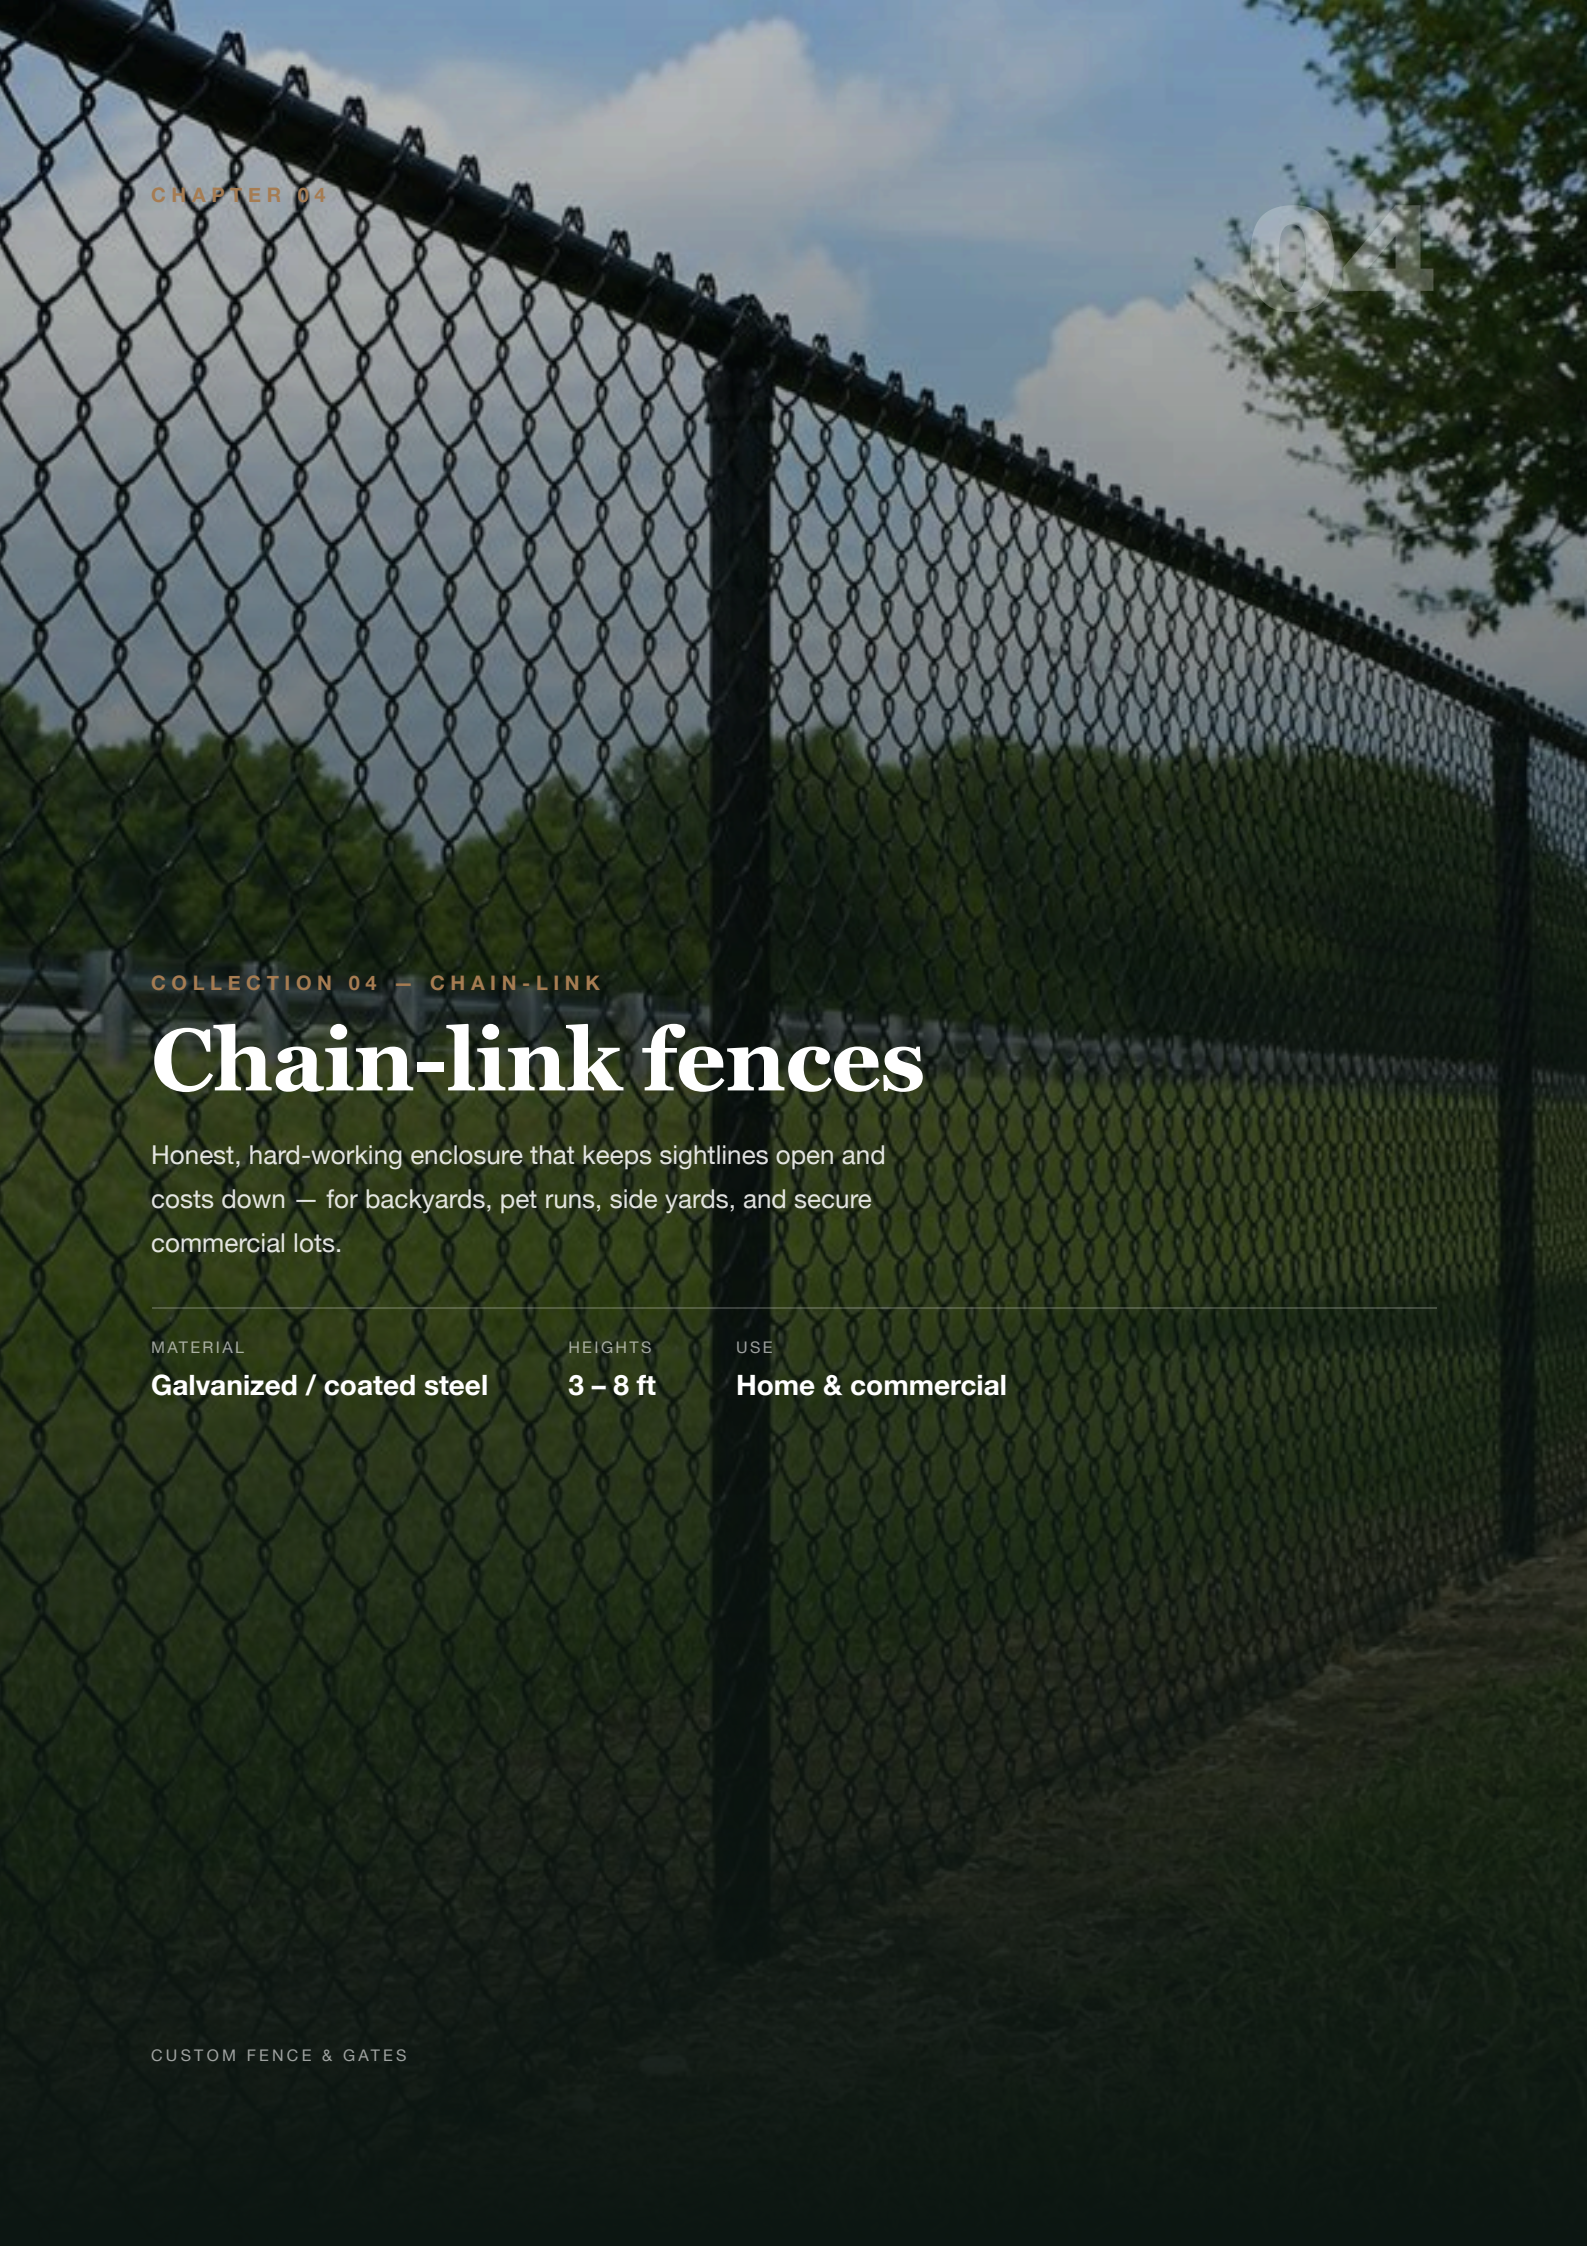

FINISHES & SPECIFICATIONS

Composite colours

Cedar Walnut Driftwood Slate Black

BOARDS	Capped wood-polymer composite
POSTS	Aluminum-reinforced composite
HARDWARE	Stainless, concealed
HEIGHTS	6, 7, 8 ft
CARE	Rinse with a garden hose
WARRANTY	Manufacturer limited

CHAPTER 04

04

COLLECTION 04 — CHAIN-LINK

Chain-link fences

Honest, hard-working enclosure that keeps sightlines open and costs down — for backyards, pet runs, side yards, and secure commercial lots.

MATERIAL	HEIGHTS	USE
Galvanized / coated steel	**3 – 8 ft**	**Home & commercial**

01

BEST VALUE

Chain Link Fence

The workhorse — galvanized or black-coated mesh and framework that shrug off weather for decades with almost no upkeep.

- 9 – 11.5 gauge mesh
- Galvanized or coated framework
- Low maintenance

02

Chain Link Fence with Privacy Slats

Woven slats drop into the mesh to add privacy and screening while keeping the fence's hard-working frame.

- Woven privacy slats
- Added screening
- Pet & yard friendly

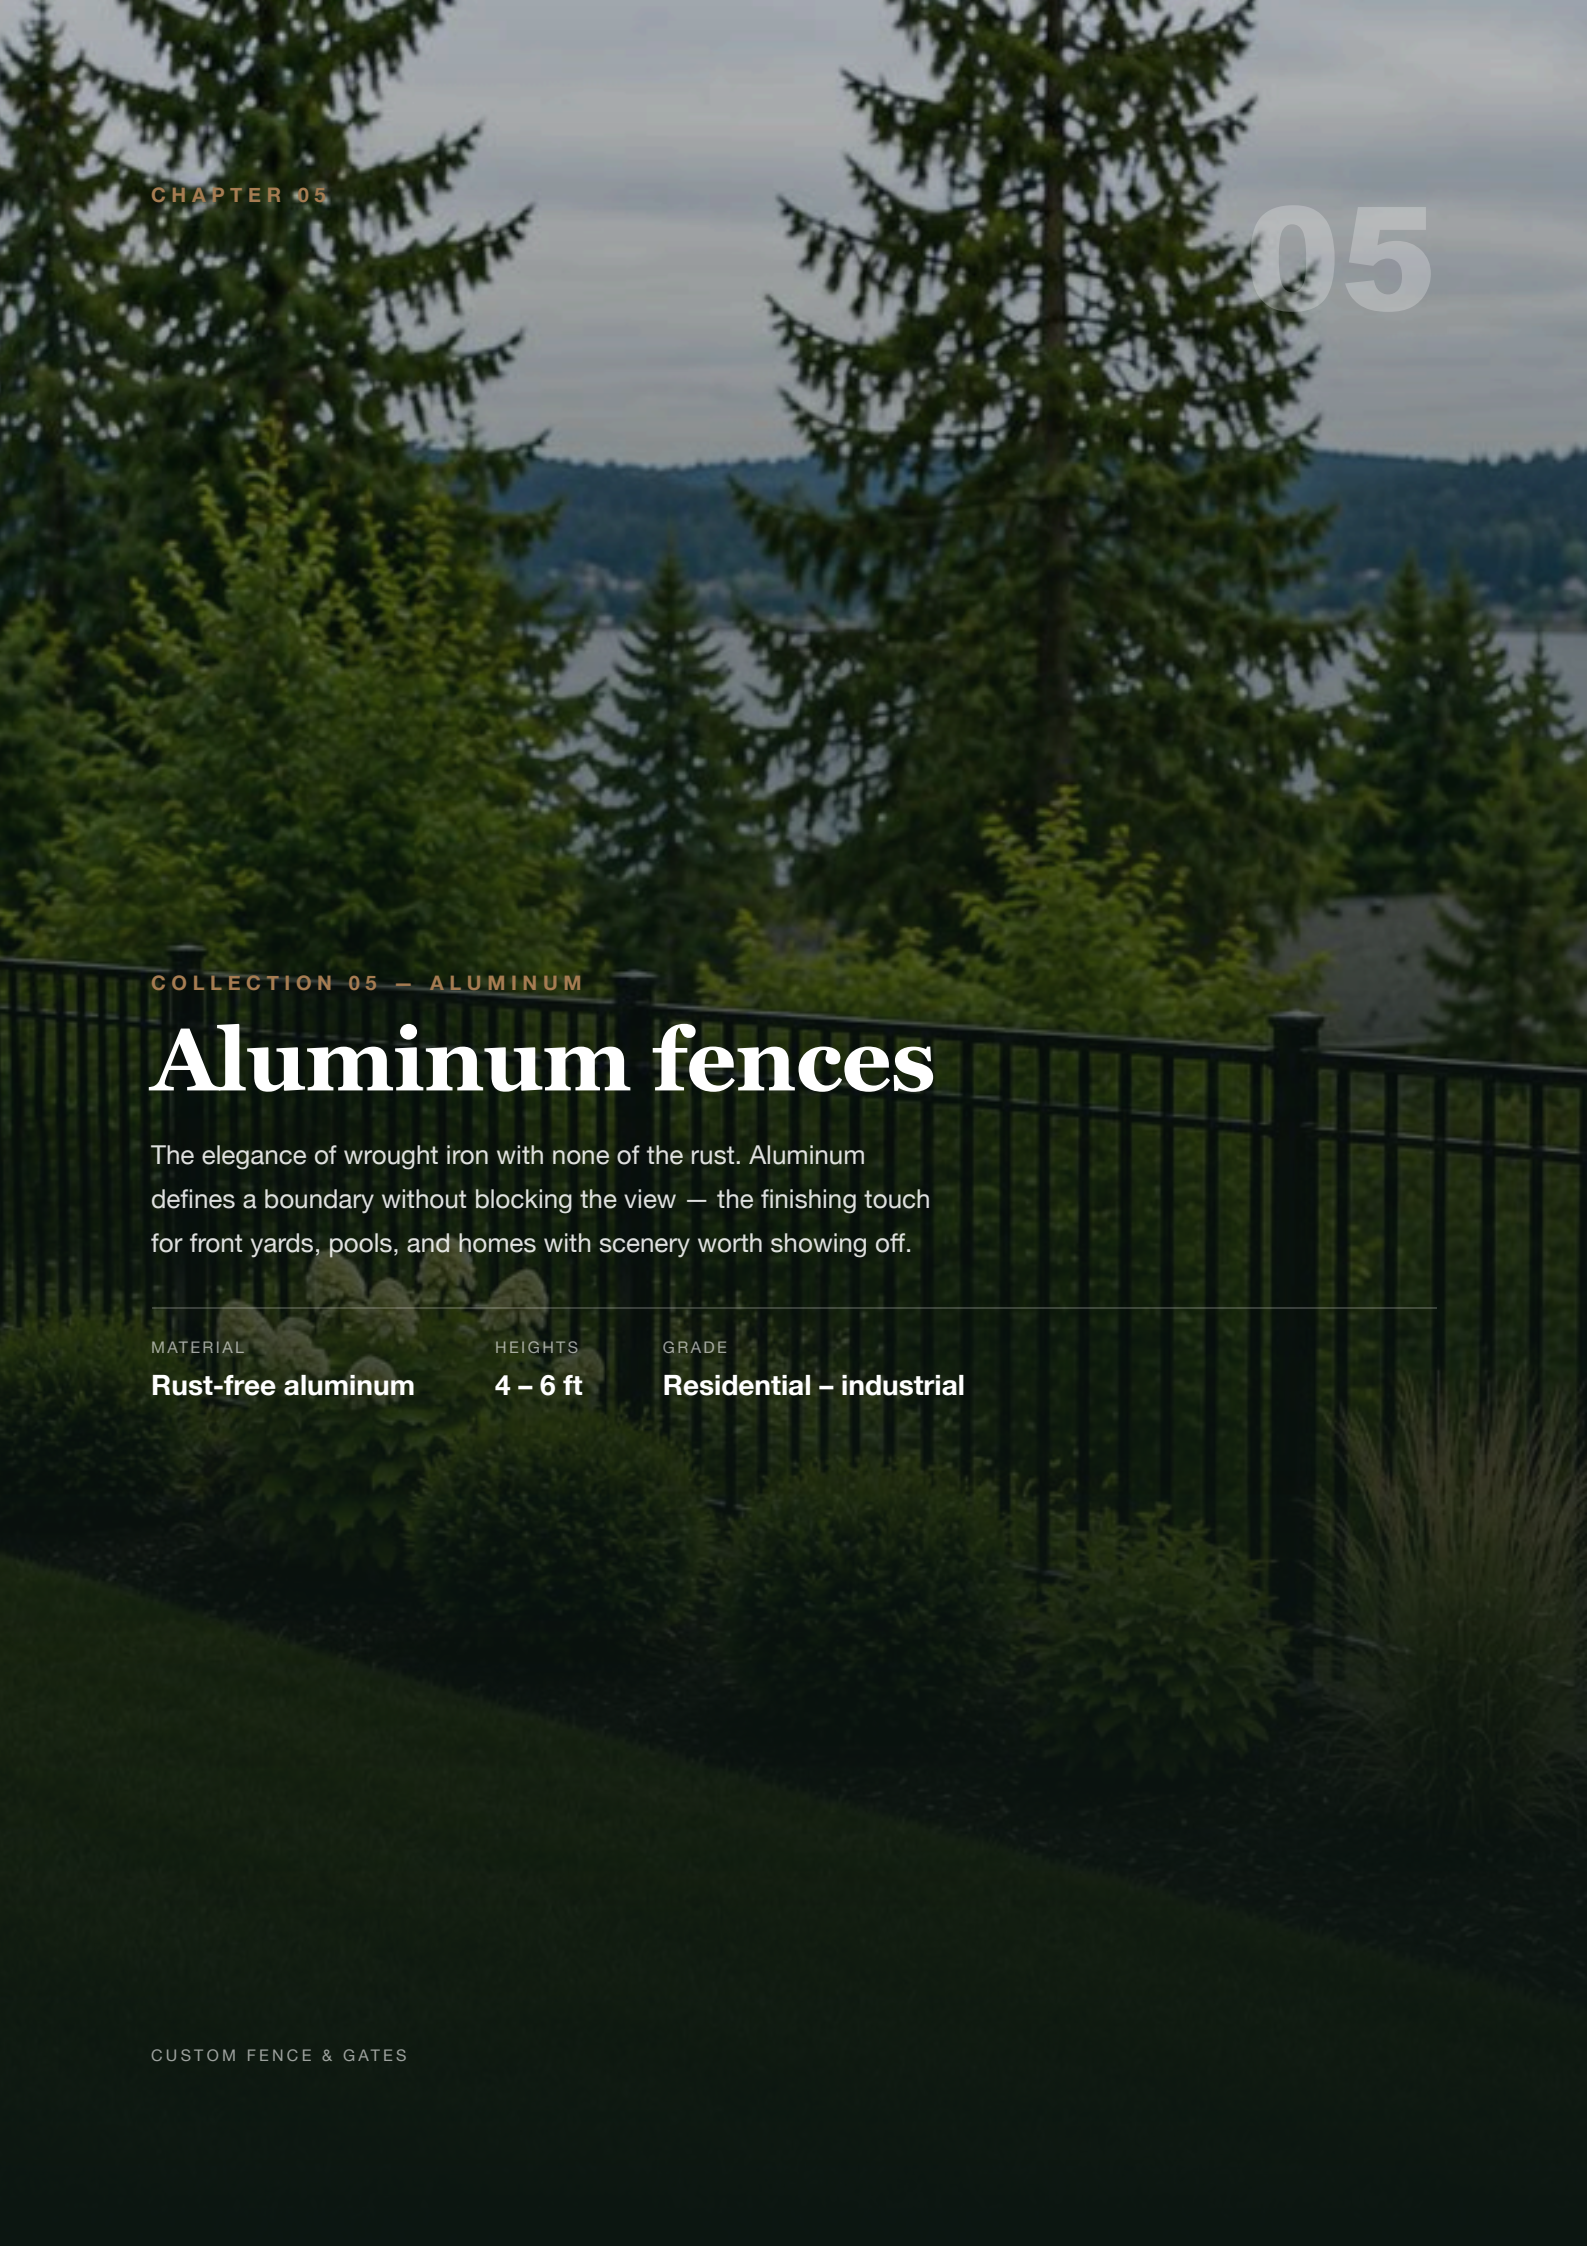

FINISHES & SPECIFICATIONS

Mesh finishes

Galvanized Black Green Brown

MESH	9 – 11.5 gauge
FRAMEWORK	Galvanized steel pipe
COATING	Galvanized or PVC
HEIGHTS	3 – 8 ft
GATES	Walk & drive
USE	Residential, commercial, pet

CHAPTER 05

05

COLLECTION 05 — ALUMINUM

Aluminum fences

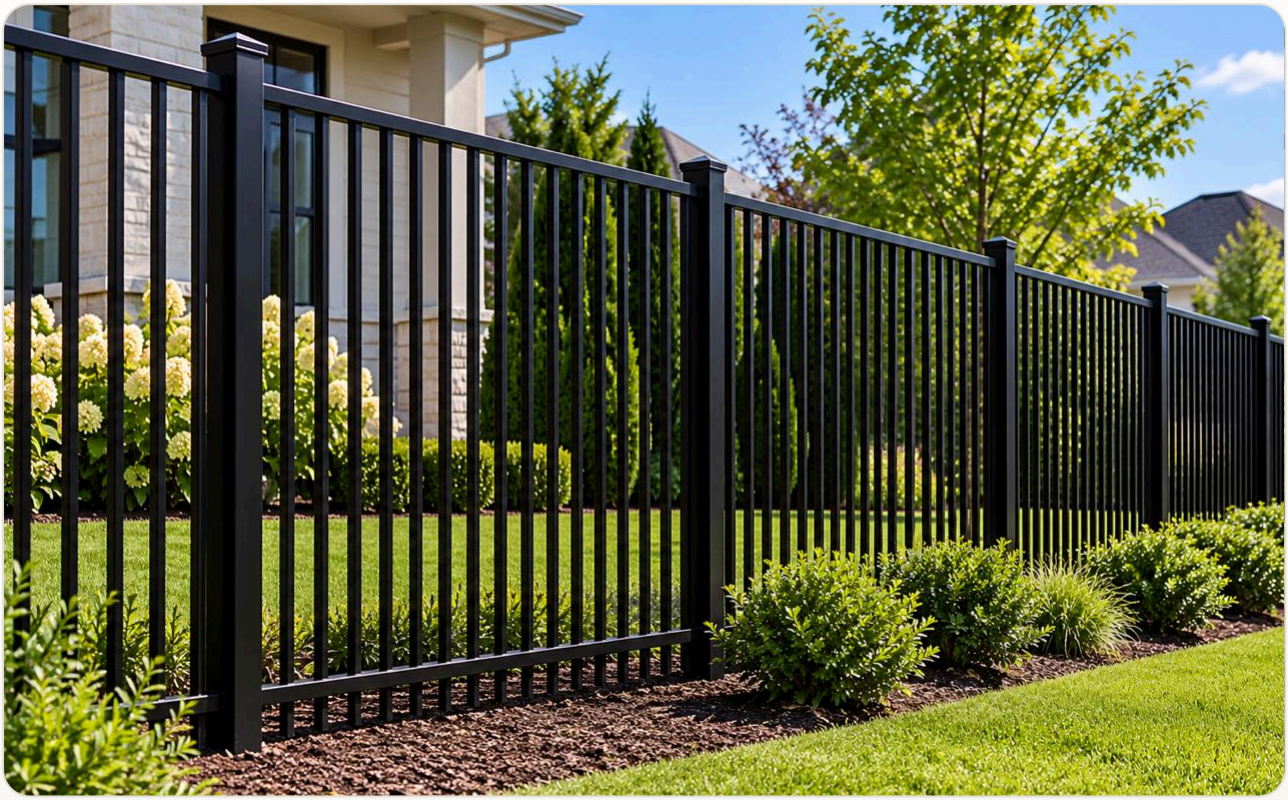

The elegance of wrought iron with none of the rust. Aluminum defines a boundary without blocking the view — the finishing touch for front yards, pools, and homes with scenery worth showing off.

MATERIAL	HEIGHTS	GRADE
Rust-free aluminum	**4 – 6 ft**	**Residential – industrial**

01

POOL-CODE READY

Classic Aluminium Fence

Slim flush-top pickets, powder-coated and rackable to follow a sloping yard cleanly.

- Flush-top pickets
- Rackable for slopes
- Powder-coated

02

Spear Top Aluminium Fence

Pointed spear-top pickets with decorative finials — the elegance of wrought iron, with none of the rust.

- Spear-top pickets
- Decorative finials
- Powder-coated

FINISHES & SPECIFICATIONS

Powder-coat colours

Black Bronze White Sand

MATERIAL	6005-T5 aluminum
FINISH	AAMA powder-coat
GRADES	Residential / commercial / industrial
HEIGHTS	4 – 6 ft
SLOPES	Rackable panels
GATES	Self-closing, pool-code

CHAPTER 06

06

COLLECTION 06 — REPAIR & RESTORE

Fence repair

Before you replace, let us assess. Most fences can be brought back to straight, safe, and solid for a fraction of the cost of starting over.

VISIT	SCOPE	TIMELINE
Free assessment	**Repair or restore**	**Often same-week**

01

MOST COST-EFFECTIVE

Restore & Re-stain

Clean, sand, swap any failed boards, and re-finish — years added to a fence that still has good bones.

- Clean, sand & re-finish
- Replace failed boards
- Save vs. replace

02

Structural Repair

Reset leaning posts, re-hang sagging gates, and rebuild storm damage so the fence stands true again.

- Reset leaning posts
- Re-hang sagging gates
- Storm-damage rebuild

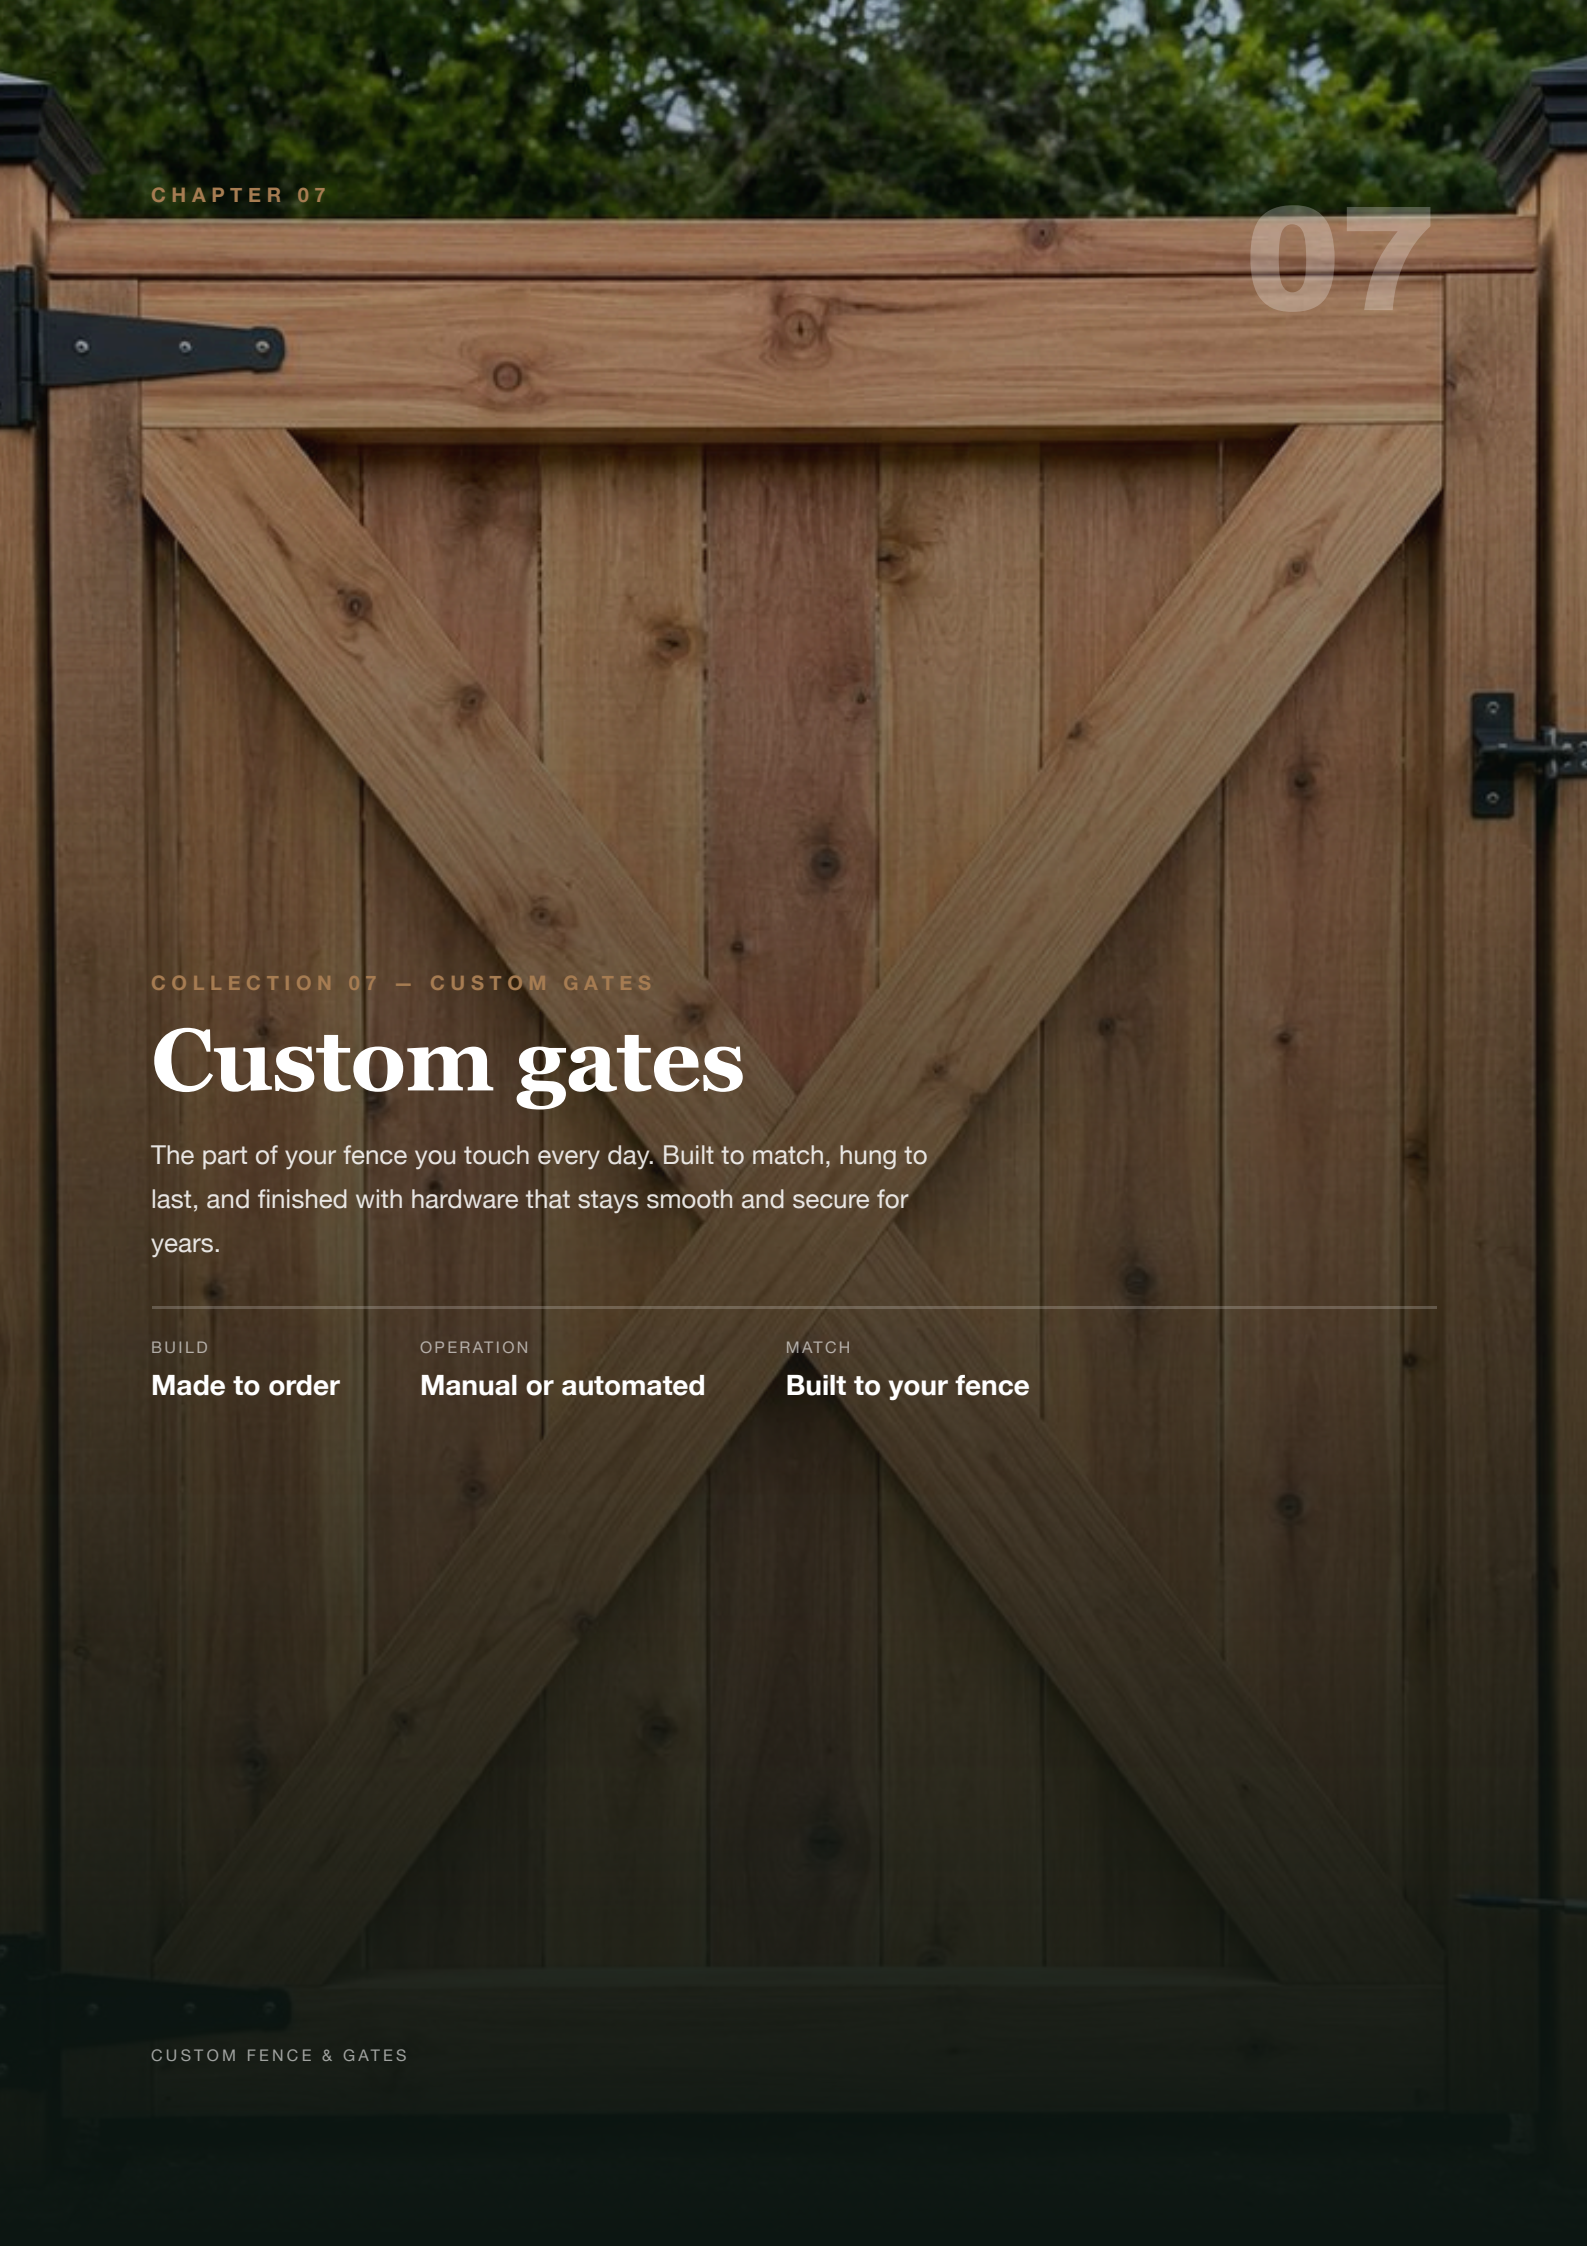

FINISHES & SPECIFICATIONS

Restoration finishes

Clear seal Honey Gray Solid

ASSESSMENT	On-site, no obligation
POSTS	Reset or replace
BOARDS	Matched to existing profile
GATES	Re-hang & re-hardware
FINISH	Clean & re-stain
TIMELINE	Often same-week

CHAPTER 07

07

COLLECTION 07 — CUSTOM GATES

Custom gates

The part of your fence you touch every day. Built to match, hung to last, and finished with hardware that stays smooth and secure for years.

BUILD
Made to order

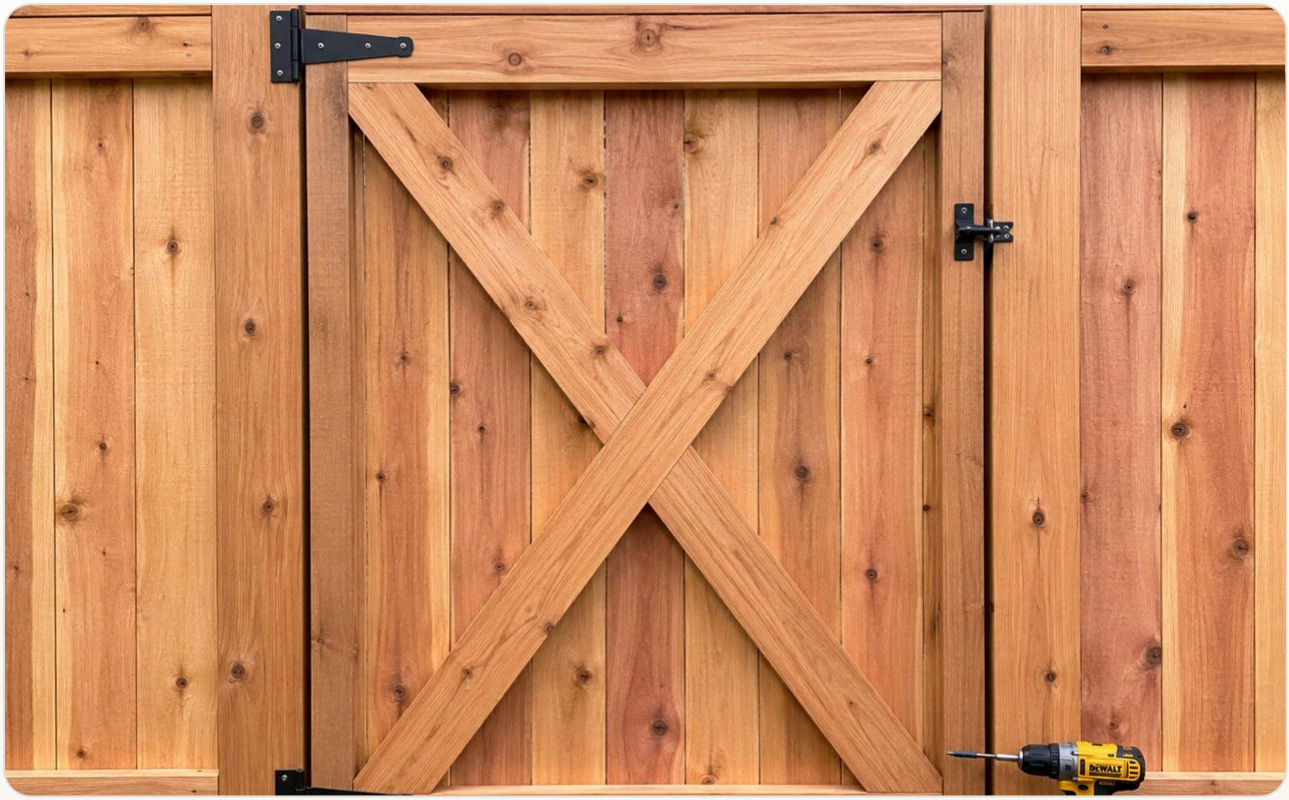

OPERATION
Manual or automated

MATCH
Built to your fence

01

EVERYDAY ENTRY

Walk Gate

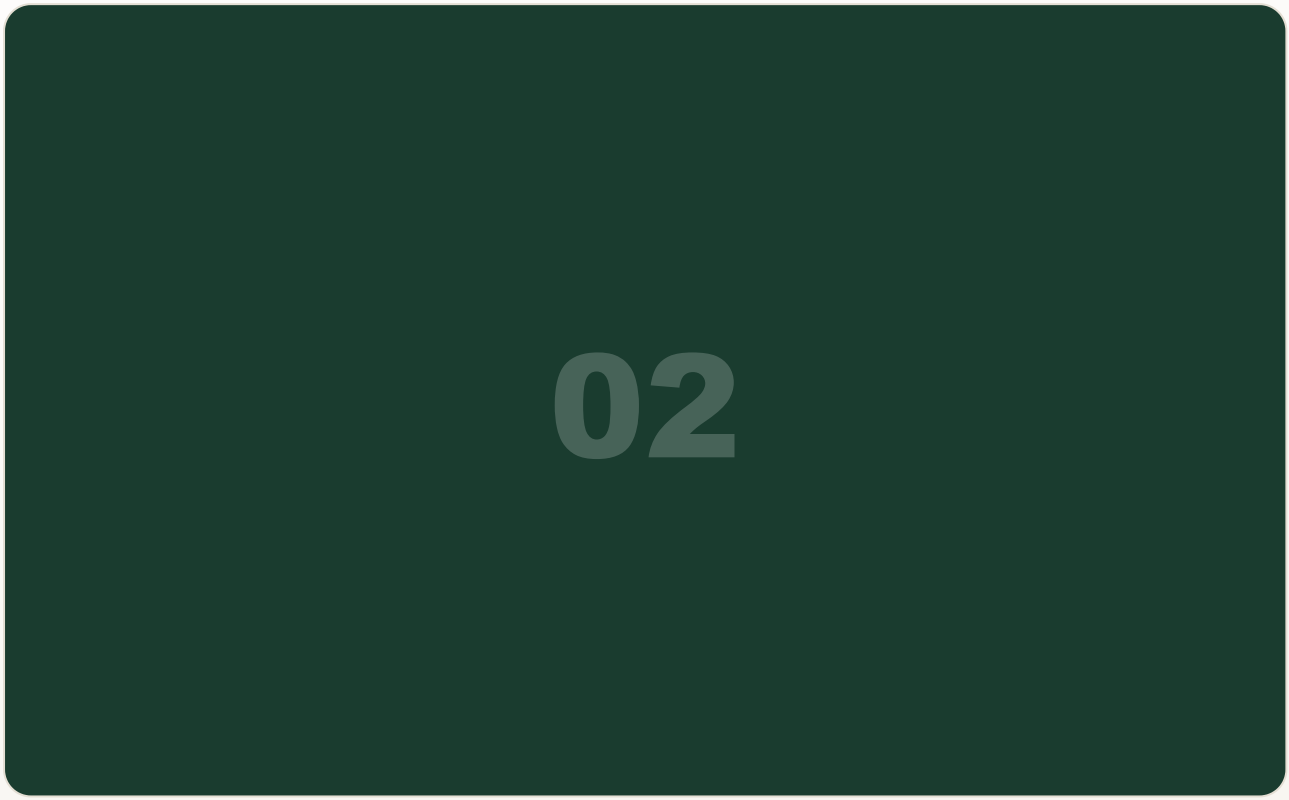

A single everyday entry, braced to never sag, with self-closing hinges and infill that matches your fence.

- 3 – 4 ft single gate
- Self-closing hinges
- Matching infill

02

Double Drive Gate

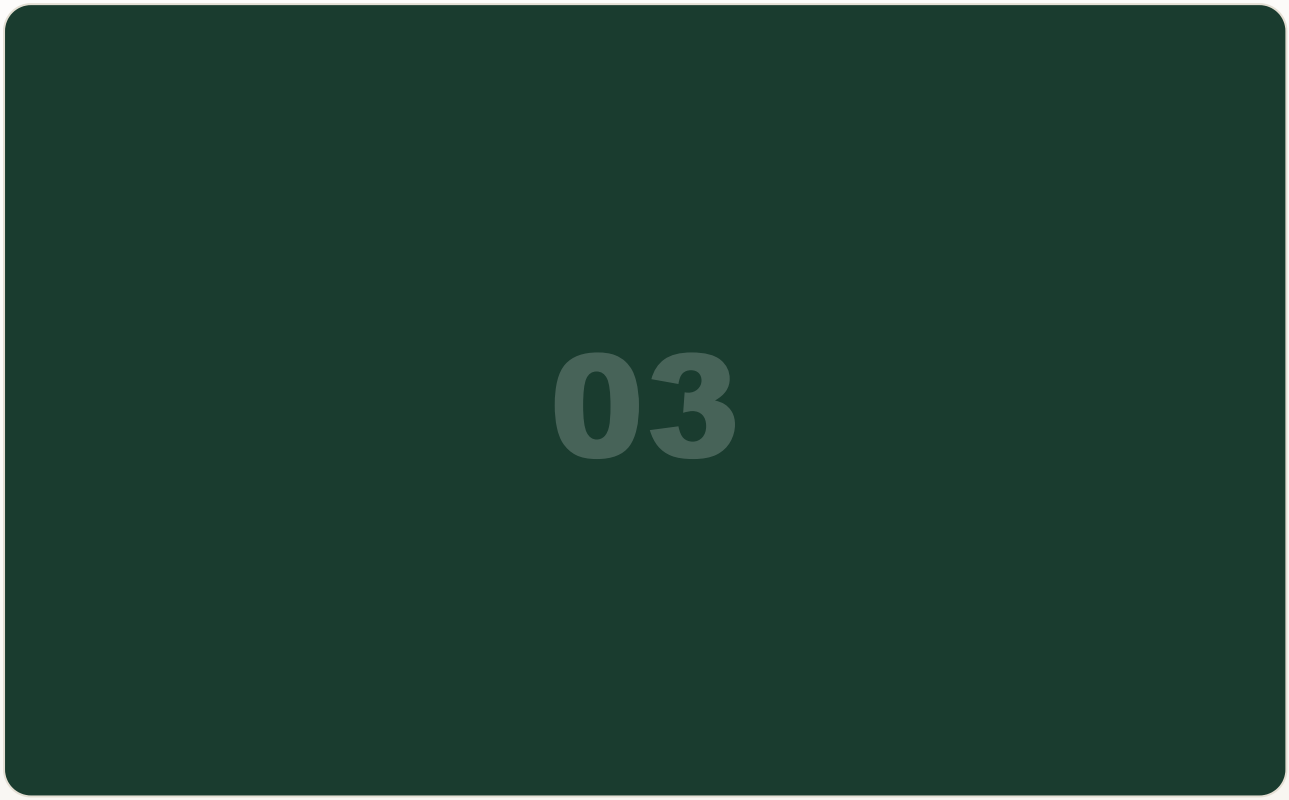

Wide openings for driveways and side-yard access, with drop-rod, cane bolt, and room for automation.

- Up to 16 ft opening
- Drop-rod & cane bolt
- Automation-ready

03

Decorative & Arched

A statement entry — arched or scalloped tops, clavos, and strap hinges on a welded or braced frame.

- Arched or scalloped top
- Clavos & strap hinges
- Welded / braced frame

FINISHES & SPECIFICATIONS

Gate hardware

Black Bronze Stainless White

FRAME	Welded steel or braced wood
HINGES	Heavy-duty self-closing
LATCH	Gravity / magnetic / keyed
WIDTHS	3 – 16 ft
AUTOMATION	Swing & slide operators
MATCH	Infill matches your fence
